

L.E.A.P.

L.E.A.P (Laugh, Experience, Accomplish, Participate) is a Student Empowerment Program that offers kids fun opportunities to be creative, develop their passions, grow leadership skills, and take initiative. By collaborating with peers of different ages in a judgment-free zone, kids contribute in multiple ways through teamwork, activities and engaging discussions on topics they love. Most important, children have a blast while becoming more confident and effective communicators.

"To 'find your voice' you must first have the courage to open your mouth."

-Josh Shipp

**STUDENT
SUCCESS**

Parents, do you want your kids more skilled at?:

- Advocating for what they want and need
- Resolving conflict
- Dealing with their emotions
- Asserting themselves
- Forming better relationships/connections
- Problem-solve REAL issues in life and the community

Kids get excited to:

- Demonstrate and share your hobbies/passions on camera
- Act out random ideas and situations through improv activities
- Debate fun topics so you can win arguments with parents/teachers
- Be a Critic: TV Shows, Movies, Music and YouTube channels
- Compete in activities such as game shows, Shark Tank, and theater
